

Code-Layout, Readability and Reusability

Date	29 September 2026
Team ID	SWTID-2026-2905
Project Name	LegalEase: AI-Powered Legal Document Generator
Maximum Marks	5 Marks

Code-Layout, Readability and Reusability:

This document evaluates the quality of the LegalEase codebase in terms of its structure, readability, and reusability. Well-organized code, meaningful naming conventions, comments, and modular design help ensure that the project is maintainable and can be extended or reused for different legal document generation requirements.

Code Layout Checklist:

S.No	Code Quality Parameter	Description	Followed (Yes / No / Partial)	Remarks
1	Consistent Indentation	Uniform spacing/tabs are used throughout the code	Yes	Code is consistently formatted
2	Proper File Structure	Files and folders are logically organized	Yes	Project files are arranged systematically
3	Meaningful Variable Names	Variables clearly reflect their purpose	Yes	Descriptive names are used
4	Function / Method Names	Functions are descriptively named	Yes	Names clearly indicate functionality
5	Code Comments	Comments explain important sections of code	Yes	Comments are provided where required
6	Modular Design	Code is split into reusable functions/modules	Yes	Components are separated into modules
7	No Redundant Code	Duplicate or unused code is removed	Yes	Unnecessary repetition is avoided
8	Error Handling	Errors and exceptions are handled carefully	Yes	Appropriate error handling is implemented

Reusable Components / Modules:

S.No	Component / Module Name	Language / Technology	Where Reused	Reusability Level (High / Medium / Low)
1	Document Generation Module	Python	Legal document generation	High
2	AI Processing Module	Python / AI	Document content generation	High
3	User Input Module	HTML, CSS, JavaScript	Input forms	High
4	Document Template Module	Python	Different legal document formats	High
5	Validation & Error Handling Module	Python	Input and document validation	Medium

Overall Code Quality Assessment:

Aspect	Rating (1–5)	Comments
Code Layout & Structure	5	Code and project files are well organized
Readability	5	Meaningful names and clear structure improve readability
Reusability	5	Modules can be reused for different legal documents
Documentation / Comments	4	Important functions and sections are documented
Overall Score	5	Overall code quality is well structured and maintainable
